This site gives information for each contract and the categories of equipment each one offers at discount. Refer to the attached link to a *"Discount Product Comparison by Vendor/Category"* to see what vendors are offering on each category. Each vendor has their contract and contact information posted in a link. The contract has the categories which each vendor offers and the discount percentage listed. The Edison ID

numbers are generic asset numbers and are common to all contracts, and are to be used when creating a requisition. There is no pricing on the contract document.

Each vendor has their pricing information attached; either as a catalog(s), pricing extract, or a link to their website where you can view their catalog. Note that some display the MSRP or suggested retail price, from which you would apply their discount. Some have posted both the MSRP and the Tennessee State Pricing. When assistance is needed to configure a larger piece of equipment, such as a Golf Course Reel Type Mower, contact the vendor for their expertise.
